

## CITY ASKS FOR WATER PATRONS

The seven wonders of the ancient world have often been described. They were the great Pyramid of Cheops, the Hanging Gardens of Babylon, the Temple of Dina at Ephesus, the Grecian state of Jupiter, the Mausoleum at Halicarnassus, the Pharos lighthouse at Alexandria, and the Colossus of Rhodes. All except the great pyramid have been destroyed.

Other wonders, which vie with the classical seven in magnitude and historical interest, are to be found in various parts of the world, mostly in ruins. Among these the most striking are to be found in Italy.

The Circus Maximus at Rome, originally built in 605, B. C., was enlarged at various times until in the fourth century it was capable of holding 385,000 spectators.

Another of the world's largest amphitheatres, the Coliseum at Rome, was the scene of horrible atrocities, in which early Christians and others by the thousand were thrown into the arena to be killed by wild lions and tigers.

The Apian Way, extending 360 miles southward from Rome, was built some 300 years before Christ, and was the finest highway of its time.

In Pisa is the famous leaning tower, built in 1154, which has threatened to tumble down for more than 600 years, but still stands.

The Vatican at Rome, home of the Popes since 1377, was begun by the Emperor Constantine in the fourth century. It is the largest residence in the world. Here also is the largest church in the world, the Cathedral of St. Peter, begun in 1506 and completed 126 years later.

All these are visited by thousands of tourists and others each year, because of their unique character and historic interest.

Many familiar articles bear names which are misleading, although the misnomers are generally of little practical importance. A peculiar instance of this is seen in the popular name of the Jerusalem artichoke, which is in no way connected with the famed city of the Holy Land.

In this case the word "Jerusalem" is a corruption of the Italian "girasole," (meaning turning to the sun,) from the habit of the plant, which is of the same genus as the sunflower.

The sunflower, by the way has a name which is doubly appropriate, because it not only inclines to turn toward the sun, but its flower also has some resemblance to the sun itself.

Both the sunflower and Jerusalem artichoke are indigenous to America, but there is also a globe artichoke, which is probably a native of Asia.

Speaking of misnomers, the one most frequently heard is "Irish potato." This valuable tuber was discovered in South America, whence it was introduced into Europe, first as a curiosity. It later became the most important item of food for the Irish people during a time of famine, and the name "Irish" has been applied to it ever since.

An interesting sidelight on the ways of professional criminals is given in a magazine article which declares that cities where these gentry habitually congregate to spend their loot are seldom the scene of their banditry.

### Cameron Farm Loan; Association Meets Jan. 11

Plans are being completed for the 1938 annual stockholders' meeting of the Cameron National Farm Loan Association, on January 11, 1938, according to P. S. Graves, Secretary-Treasurer of the association, who said that this meeting would be one of the most important in the history of the association.

Members of the association will review the progress of their own co-operative credit institution and hear the reports of its officers. ## Garbo and Boyer Bring You "Conquest" Sunday

Greta Garbo, not seen here since her triumph with Robert Taylor in "Camille," will make her new and eagerly-awaited appearance starting Sunday and Monday at the Cameron Theatre in "Conquest," this time co-starred with the brilliant French actor, Charles Boyer, who has won outstanding distinction in such film hits as "The Garden of Allah" and "History Is Made at Night."

As the famous Countess Marie Walewska, a woman who has gone down in history as the only woman who was able to sway not only the Emperor Napoleon but the course of empire, Garbo has a role which is said to transcend in characterization and romantic power any of her previous portrayals.

Boyer, also, is said to achieve

### CONTRACTS SOUGHT IN MOVE TO BUILD PLANT

Water consumers in Cameron will be asked to contract for service with a municipally owned plant, it became known here Wednesday when forms were ordered printed.

It was another step in the program of Mayor Chas. C. Smith and the city government to own water utilities for which bonds in the sum of \$150,000 were recently voted. Unable to reach an agreement with the Community Public Service Company for purchase of the existing utilities, the city was said to be proceeding to set things in order for its own plant.

Whether the city would feel at liberty to engage in a competitive system was partially answered when contracts for circulation were ordered printed. The entire movement to obtain water utilities has been devoid of official publicity. The Council has at no time made any statement other than to authorize the call for an election and release an appeal written by former city attorney B. P. Matocha.

Two weeks ago Mayor Smith announced that he would make a final effort to purchase the present plant. Without official announcement, it became reliably known here following the visit of the mayor to Fort Worth that the company officials declined the offer made. The city now proceeds to ask consumers to sign up for a city water service. It was not known what the cost would be for connecting city owned mains.

Mr. and Mrs. Fred Johnson and their daughter, Katherine Marie, of San Angelo, were in Cameron to spend a part of the holidays. Mr. Johnson is on the state highway patrol.

The home of Mr. and Mrs. T. A. Howell was the scene of a happy gathering on Sunday when their children came to spend the day. They are: Mr. and Mrs. Hilton Howell and family of Waco; Mr. and Mrs. Jay Howell and family; Mr. and Mrs. Lee Howell of Waco; Mr. and Mrs. Bill Howell and family of Rockdale; Tommy Howell and Fred McFadden of Dallas, a guest.

Mr. and Mrs. T. A. Howell spent a pleasant Christmas day at Pleasant Hill in the home of Mr. and Mrs. C. C. Avrett.

## "Madame X" World's Most Gripping Drama At Cameron January 11th and 12th

"Madame X," one of the most celebrated and heart-stabbing dramas the world has ever known, will be the headline attraction at the Cameron Theatre where it will be shown for two days, January 11 and 12.

With the highly touted Gladys George in the title role and such screen favorites as John Beal and Warren William playing the son and father respectively, the famous story of a woman's degradation and her ultimate sacrifice comes to the screen as one of the major Metro-Goldwyn-Mayer offerings of the new movie season.

With its settings, characterizations and treatment brought up to date by John Mehan, who adapted such hits as "A Free Soul" and "Strangers May Kiss," the story of "Madame X" follows the melodramatic career of the beautiful young French governess who is given a taste of wealth and happiness only to descend down the scale of life as an old, withered haridan she is defended against a murder charge by her own son.

The title role was made to order for the versatile and talented Miss George who not only demonstrated her ability in an original stage role of "Madame X" but subsequently came to the fore in the Broadway hit, "Personal Appearance," and her subsequent brilliant screen performance in "Valiant Is the Word for Carrie." In the present picture she sings for the first time, Walter Donaldson having composed a special song number for her, "You're Setting Me On Fire."

John Beal, in the role of the son, will be remembered for his outstanding work opposite Katharine Hepburn in "Little Minister." Warren William comes to the new picture following his excellent portrayal in "The Firefly." Others in prominent parts include Reginald Owen, William Henry, Henry Daniell, who played the rich suitor in Garbo's "Camille," Phillip Reed, who was Tallulah Bankhead's leading man in "Reflected Glory," and Lynne Carver, the young heroine of "Maytime."

"Madame X" was directed by Sam Wood whose long string of hits range from Joan Crawford's melodramatic "Within the Law" to the recent Marx Brothers' laugh extravaganza, "A Day at the Races."

## Bette Davis Gives In "That Certain Woman" Thur. and Fri.

Described as more thrilling than her recent "Marked Woman," or than "Dangerous" which won her the Academy Award as the best actress of 1935, is the Warren Bros. melodrama which brings Bette Davis today and Friday at the Cameron Theatre.

It is called "That Certain Woman," and depicts the blonde star as the

widow of a gangster killed in the notorious Valentine's Day massacre in Chicago. It takes Bette through many tribulations and persecutions, and shows her battling her way bravely toward peace and happiness.

It is said to be a most unusual sort of photoplay. It was both written and recetd by the celebrated Edmund Goulding, who not only did both of those jobs but also composed a theme song which Miss Davis sings.

"That Certain Woman" has as its romantic hero Henry Fonda. In it

also are such distinguished players as Ian Hunter, Anita Louise, Mary Phillips, Hugh O'Connell and Donald Crisp, so it might be called an all-star production.

Congressman Josh Lee of Oklahoma doesn't seem to think much of his state's university. Comparing it with the state insane asylum, both institutions being located in his home town of Norman, Lee said: "You have to show mental improvement to get out of the asylum."

## Gene Autry Headlines Milam Bill Friday and Saturday

Gene Autry, sings, "Springtime in the Rockies," at the Milam Theatre Friday and Saturday. Its the title of his picture and fans will want to hear him and see his latest starring role in the big western.

There are 3500 people every month to whom Uncle Sam's postmen bring a portrait of Gene Autry. And these 3500 people are significant because they prove to motion picture producers just who is the choice of the people. At the present time, from all indications, Gene Autry is tops not only with the orthodox western fans, but with a large percentage of straight picture fans as well.

Gene's musical westerns for Republic go over best of all in fairly large-sized towns, towns of from 10,000 to 150,000 in population. From this nobody can say that cowboy pictures are popular only in the sticks. Gene's newest picture for Republic, "Springtime in the Rockies," is showing at the Milam Theatre to a highly appreciative audience, which indicates by its reaction that Autry is welcome whenever Milam books him. Gene's horse, Champion, is an important factor in his screen success, and believe it or not, Champ has a good many fans in his own right, people who send him lumps of sugar, and beg for hairs from his tail for souvenirs.

Gene was born down in Tioga, Texas, a little town of 1,000 folks. Sundays he sang in his grandpappy's choir, and he learned to tend cows and spin a lariat week days. He rode in his first rodeo when he was 12 and before long he was traveling with a medicine show, helping to sell corn salve by yodeling hill-billy ballads.

Growing older, he became a telegraph operator, tooting on his saxophone spare times until he was

"discovered" and brought to Chicago where he made good on a radio broadcast.

Baron Markley, deputy speaker of the British House of Lords, on seeing his first American football game in Nashville recently, commented that our game is considerably slower than English Rugby, "because of the frequent little committee meetings" (huddles) by the players.

Postmaster General Farley could hardly be accused of playing politics when he closed the postoffice at Grassy Point, N. Y., his birthplace, a couple of weeks ago. There just was not business enough to justify keeping it open.

A Kansas statute forbids hotels or rooming houses to use any bed or mattress made of "mass, seagrass or excelsior."

## GARBO

(Continued from page 1)

As is typical of all Garbo pictures the supporting cast of "Conquest" is composed of the finest actors available in Hollywood. In the present instance, heading a group of thirty speaking players together with hundreds of bit players and extras, are Reginald Owen in the role of the scheming Talleyrand, Alan Marshall as Captain D'Ornano, Henry Stephenson as Garbo's husband, Count Walewska, Leif Erikson as Garbo's brother, Dame May Whitty who recently scored in "Night Must Fall" as Laetitia Bonaparte and C. Henry Gordon as Prince Poniatowski.

Others prominent in the imposing supporting cast include Marie Ouspenskaya, remembered for her brilliant work in "Dodsworth," Claude Gillingwater, George Huston, George Zucco, Noble Johnson, George Givot, Scotty Beckett, Henry Kolker, Ivan Lebedeff, Bodil Rosing, Lois Meredith, Oscar Apfel and Betty Blythe. Recreating one of the most glamorous phases of the remarkable Napoleon regime, "Conquest" tells the story of a patriotic Polish countess whose love for and influence with the Emperor aids in liberating Poland from its then-time oppressor, Russia. Its settings, rivaling in splendor any ever created for the screen, include a snowbound Polish village, spectacular Polish palaces, the grand ballroom of Warsaw, street scenes of the period and Napoleon's final haven at Elba.

## Our Town

(Continued from page 1)

The writer cites the case of Toledo, long known as being unusually free from underworld crime, yet all the time the rendezvous for safe-crackers, hold-up men and other desperate crooks. It was an unwritten law among them that no "jobs" were to be pulled off in Toledo, and although the police knew of their presence, they were not molested, because, as the chief said: "We never bother them, because they never bother us."

Finally a new public commissioner was appointed, and when he learned of the situation he ordered a clean-up. Then, to quote the article: "There were immediate retaliations. Safes began to explode like fire-crackers on the Fourth. Hold-ups became as common as measles. Cops shot crooks and crooks shot cops. Today Toledo is no longer immune."

One difficulty said to be experienced in catching present day criminals of the professional call is that many of their old underworld haunts which were formerly well-known to the police have been broken up. The crooks are scattered throughout the cities, often living in comparative security in high-class neighborhoods. Thus a new and serious complication of the criminal problem has arisen, for which no solution appears to be forthcoming.

## "Navy Blue and Gold" at Cameron Saturday

Tom Brown has distinguished himself as Hollywood's first "stand-up" striker.

He found it impossible to sit down and refused emphatically to work unless his directors provided him with a canvas pad beneath the aft portion of his pants.

In a scene for "Navy Blue and Gold," coming to the Cameron Theatre Saturday, Jan. 8, Brown was required to take a beating with a broom in the hands of James Stewart while Robert Young held him down or up, depending on the camera angle.

The trio portrays a group of Annapolis midshipment and the script called for such pranks as the broom-stewart could not pull his blows because Commander Harvey Hairslip, navy expert and technical adviser, decreed otherwise. Also, the scene had to be rehearsed.

"Nix," said Tom, after the initial test. "Let's get me a pad."

It required a wardrobe expert to

take measurements and the prop department at Metro-Goldwyn May-or to supply the needed protection. Brown inspected himself in the mirror looking backward over his shoulder.

"The darned thing makes me look pretty heavy aft," he remarked, "but it makes my heart lighter."

"Navy Blue and Gold" presents a thrilling romance of life at the picturesque naval academy with the Army-Navy football game as a stirring climax. Together with Young, Stewart and Brown the cast features Florence Rice in the feminine lead, Lionel Barrymore, Billie Burke, Samuel S. Hinds, Paul Kelly and Barnett Parker.

**Santa Fe Pays TAXES of**  
**\$150,453,714.00**  
**in 10 years**

The Santa Fe, during the past ten years, has paid more than 150 million dollars in taxes in support of the national government and state and local governments in the various states in which it operates.

The exact amount in accrued taxes paid out by the Santa Fe from 1927 to 1936, inclusive, was \$150,453,714. Of this sum, \$30,720,799 went to the federal government. Of the balance, \$119,686,876 was paid to the state, county, and city governments of Illinois, Iowa, Missouri, Kansas, Nebraska, Oklahoma, Texas, Louisiana, Colorado, Arizona, New Mexico and California. To other states and countries went \$46,039.

Of the \$119,686,876 paid by the Santa Fe to the state, county and city governments, over \$50,000,000 went to support public schools which provide educational facilities for more than 7 million elementary and high school students in the states served by the Santa Fe.

The payment of so vast a sum in taxes by the Santa Fe is just another phase of the benefits accruing to the nation at large from an institution whose aim is to serve all to the best of its ability.
